### Three Steps

The Parable of the Good Samaritan brings out the practical nature of authentic charity. The first step in love is to see people, to be aware of them, and attentive to them. The second step is to answer the knock and let the person in. The Good Samaritan was moved with compassion for the injured traveller. The third step in charity is to translate feeling into practical action. When the Samaritan came to the scene, his hands sprang into practical action. He was moved with compassion at what he saw.

**Pope John XXIII:** I must strip my views of all useless foliage and concentrate on what is truth, justice and charity.
