Cloone/Aughavas Text Alert: The very successful text alert system used in many areas to reduce burglaries has been set up in the parishes of Cloone and Aughavas. The system works when people in the community notice a vehicle, something suspicious or indeed a break-in in the area, they would then contact the Guards with as much detail as possible. Once the Guards are satisfied it is worthy of sending a text alert, the local alert is sent out to everyone in the community that has signed up, with details of the vehicle and where it was spotted last. People are asked to be vigilant and feed back information if they see the vehicle but not to intervene themselves. Envelopes are in McCaffrey's in Aughavas and Tiernan's in Cloone for people to sign up, you write your name, address and mobile number on the envelope. You also put a €5 subscription in the envelope, this is an annual fee for the cost of running the system, there are no other costs as receiving the texts is free and it could save you or your neighbour from being robbed. **Launch of Cloone/Aughavas text alert** will be held in the Community Centre in Cloone on **Thursday night next 19 April at 9pm.** All Welcome.
